

Thinking Maps

Thinking Maps Mission

Thinking Maps is committed to improving the quality of teaching and learning through the effective implementation of Thinking Maps

Visual thinking tools that get results

INTRODUCTORY WORKSHOP

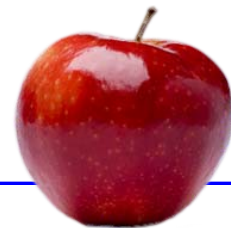

One Full Day

- ◆ Introduce Thinking Maps to teachers
- ◆ Provide strategies for student ownership
- ◆ Create grade or subject specific lessons
- ◆ Integrate Thinking Maps with required curriculum

FOLLOW-UP TRAINING

During school year while students are in class

- ◆ Grade level or subject sessions
- ◆ Model Teaching
- ◆ Classroom visits
- ◆ Assessment of student performance

Thinking Maps is designed for whole school or system implementation.

All participants must have a Thinking Maps Training Manual that is provided by the school or system. Manuals can be purchased from Thinking Maps, Inc. for \$125.00.
